

Desert Rose Fiber Arts Pattern Errata

All my patterns are professionally tech edited, and I do my best to make sure every pattern is error free. Being human, neither my editor or myself are perfect and mistakes can get by us. If you find an error in one of my patterns, please let me know so it can be corrected.

Anytime an error is discovered I update the pattern with the correct information. The errata noted below applies to pattern versions prior to the updated dates. Versions after these dates include the corrections and clarifications as noted.

Any errata for my designs published by 3rd parties in books, magazines, or e-zines can be found at the publisher's individual web sites.
